

TUESDAY EVENING, JUNE 23, 1908.

News of the Day.

Six members of the leper colony in Louisiana are reported to have been cured.

At nine o'clock last night the Louisiana State legislature adjourned without taking a vote on the Locke anti-racing bill.

Forty families were made homeless by fire in Portchester, N. Y., yesterday afternoon. The damaged is estimated at \$200,000.

In the recount in the New York mayoralty election, Hearst gained 106 votes. His total gain to date is 588. There are 448 boxes yet to be opened. In order to win Hearst must gain nearly 3,000 votes.

Jealous of the attentions she received from another suitor, Victor Henry, aged 40, a carpenter, shot and killed Mrs. Mary Cassidy, aged 38, in the rear of her home in New York early today. He then shot himself.

Capt. Lorenzo Dow Baker, otherwise known as "The Banana King of Jamaica," died Sunday at the Parker House, Boston, aged 63, after a protracted illness from pneumonia, contracted while on a voyage to South America last summer.

A coroner's jury at Annapolis yesterday decided that the accident on the Washington, Baltimore and Annapolis Electric Railway on June 5, in which nine people lost their lives, was due to negligence on the part of employees of the company.

The funeral on Sunday of Prince David Kawanakakoa, who died recently in San Francisco and whose body was taken to Honolulu as one of the most imposing royal funerals ever held in Hawaii. The ceremony was in accordance with ancient Hawaiian usage.

Commissioner of Health Darlington, of New York, announced yesterday that, beginning with Wednesday, all stray dogs found on the streets and in public places in New York city will be taken to the pound and killed. This order excludes all dogs that are muzzled or on leash.

Chas. Spach, aged 48, found desperately wounded Friday night a short distance from where the dead body of Arline Kolsely, aged 19, his companion on a ride, was huddled in a buggy, shot to death, is under arrest in New Philadelphia, Ohio, charged with firing the shots which caused the tragedy.

Shouting "Down with the meat trust, we'd rather starve than buy meat of extortioners," hundreds of bare-headed, scantily clad women paraded the ghetto district of Brooklyn today and only the united efforts of nearly all the police reserves in the borough was sufficient to prevent serious riots on the retail shops.

During a severe storm in Wilson county, N. C., lightning struck a country church where services were in progress and killed Mr. and Mrs. Walter Linderman, while their infant child in Linderman's arms was unhurt. The hail accompanied the storm and did \$100,000 damage to the tobacco crop in that county.

A verdict declaring Frederick A. Hyde and Joseph H. Schneider to be guilty and John A. Benson and Henry P. Dimond to be not guilty of the charges against them in the land fraud trial, which has been before the court in Washington for nearly twelve weeks, was brought in by the jury yesterday afternoon after a deliberation of three days.

The greater portion of the town of Three Rivers, which lies about midway between Montreal and Quebec, was destroyed by fire yesterday. Over 800 buildings, including many of the best in the town, have been destroyed. The loss will amount to several millions.

The city hall, post-office, and parish church, every hotel of importance, with one exception; the Hochelaga Bank, the Canadian Pacific Railroad offices, and all the largest stores have been swept away.

Mme. Anna Gould and Prince Helie de Sagan are still at the Hotel Savoy in London. They are denying themselves to all interviews and refusing to say anything about their wedding plans.

It is learned that the president's son Theodore will be employed this summer by the United States Steel Corporation.

The reported assassination of Abdul Aziz, the Sultan of Morocco, is unconfirmed.

BOLTED AT THE ALTAR.

Daniel Mathews, aged 24, the "most bashful man in Illinois," avoided the altar for the fourth time in Jerseyville Saturday night. Rev. J. H. Jones and 150 guests waited for an hour and a half at the church for him to appear and become the husband of Miss Mary Frazier, but Mathews was elsewhere.

Later Daniel said he wanted to be married more than anything else on earth; but that something—he does not know what—prevented him from getting there.

Miss Frazier admitted she was willing to give the bashful one another chance. They attempted to overcome his timidity yesterday with a private ceremony. The first time Mathews promised to go before the minister was two years ago, when he was to marry Mrs. Mary Miller at Rosedale, Jersey county. He failed her. A week later he again was led to the altar in Rosedale to marry the same lady. He ran away and took the first train out of Rosedale for Jerseyville.

The next time when Daniel went to the post for the race of matrimony was on Sunday, June 7, when he was to have been married to Miss Frazier. He bolted before the barrier was sprung and stayed away until his bashfulness died out. Then he again took up his wooing and all went well until, her anger appeased, Miss Frazier consented to try it again Sunday.

HEARING RESUMED.

The Corporation Commission in Richmond today resumed the hearing of the application of the Richmond, Fredericksburg and Potomac railway for permission to charge excess rates for fares from such point along its lines where tickets are offered for sale, and in cases when passengers do not obtain tickets.

It is held that many persons board the trains at points at which tickets can be purchased, but fail to get tickets, and that because of the heavy travel the passengers are able to reach their destination and alight before the conductors can get to them. The company is thus made to lose considerably. If the company is allowed to charge excess fares in such cases the loss will not be so heavy.

Judge A. S. Hall has been appointed receiver of the Buckingham County Bank. Up to this time nothing has been seen or heard from Allen K. Fawcett, the absconding cashier.

Virginia News.

Roland T. Bryarly, of Winchester, and Miss Eddie Sue Bodow, daughter of Mrs. Agnes McCann Bodow, of Roanoke, were married at the bride's home in Roanoke on Saturday.

The State Board of Education will meet in Richmond Friday to take up the matter of distributing the pension fund, to consider the location of several agricultural schools provided for by the last general assembly and to fill a vacancy in the city of Danville.

Mentally unbalanced from illness and dependency, James O. Dozier, aged forty-nine, committed suicide Sunday at Driver, near Suffolk, by slashing his throat with a razor. Dozier was sent to a Norfolk hospital last week, but escaped and returned home.

Courtesy Thompson, a Western Union messenger boy, yesterday afternoon ran his bicycle into a buggy driven by Dr. S. B. Moon, in Richmond, receiving injuries from which he will die. He was hurled to the ground and his skull was crushed beneath the horse's hoofs.

Mr. A. O. Walter, formerly of Orange county, and who represented that county in the constitutional convention, but who for some years has been living in Union Springs, Ala., was postmaster there, murdered his wife recently and killed himself. The cause of the deed is unknown.

George Forest, aged twenty-three years, of Washington, D. C., who had been employed for several weeks in Leesburg, committed suicide Saturday afternoon. He cut his throat and then swallowed two ounces of carbolic acid. This was his third attempt at suicide. It is said family troubles led to his act. He had a wife and child in Philadelphia.

The board of visitors in annual session at the Virginia Military Institute yesterday elected Col. Edward West Nichols as superintendent, to succeed Gen. Scott Shipp, who resigned a year ago, after 50 years' connection with the institute as cadet, commandant of cadets and superintendent. Col. Nichols was elected last June, as acting superintendent. Colonel Nichols was born in Petersburg 50 years ago.

Harry O. Fickel, former editor of the Danville Press, was struck by lightning near Danville Saturday evening. The shock threw him for a considerable distance and left him stunned. When he became conscious the rain was beating on his face. The lower part of his body was temporarily paralyzed, and he lay in the storm for nearly an hour. Mr. Fickel was painfully hurt, but no permanent injuries are expected to result.

William Manzy, who for the past 10 years has been deputy clerk of the Federal Court of Lynchburg, has been appointed clerk of the U. S. District and Circuit Courts at Danville. He succeeds Major Stanley W. Martin, who has held the position for years, but has been promoted to the clerkship over the same courts at Lynchburg, Charlottesville and Roanoke, succeeding the late William McCauley, of Roanoke. He will make his headquarters at Lynchburg.

A building which was being remodelled in Richmond collapsed yesterday and it was thought that several persons had been killed. The house was occupied by Italians. Two women walked out of the ruin unhurt. A small child on the fourth floor fell with the building and was buried under the tons of debris. He was heard to cry and was rescued with only a few bruises. The building had been used as a saloon and was being converted into a moving picture show.

TO USE THE PHONOGRAPH.

William Jennings Bryan will use the phonograph in the coming campaign. Some time ago he was approached with the suggestion that he make some records for the Edison phonograph.

The result was that a special expert was sent to Mr. Bryan's home in Nebraska, and in Mr. Bryan's library were made 10 records, each record consisting of an extract from one of Mr. Bryan's speeches.

If he or any other candidate should start out to make speeches and spoke six days a week between July 1st and November 1st, and should address an audience of 3,000 people every afternoon and another audience of 3,000 people every evening, if none of these people were the same people (which would be physically impossible if he spoke twice on the same day), which would necessitate in many cases speaking twice in the same town) he would only have addressed 500,000 people, instead of 5,000,000, as would be easily possible with his 10 records.

BISHOP BRENT.

Bishop Charles H. Brent, who was recently elected bishop of Washington diocese, will not reach a final decision in the matter until after he arrived at Washington and confers with the standing committee of the Protestant Episcopal Church. Bishop Brent will leave Manila June 30, going first to Boston and thence to Washington. Bishop Brent says he feels that his duty lies in the Philippines but he may after conferring with the committee accept the Washington see.

A SUGGESTION.

The undersigned suggests that his honor, or those in "authority," instead of enforcing nonsensical blue laws ought to put in their time trying to make the Electric Light Company live up to their contract—that is, give the city the candle power light stipulated in their contract from observations of the present light from the arc lamps the city has been banished.

TWIN SISTERS BECOME TWIN BROTHERS' WIVES.

A minister's sermon on "Love's Old Sweet Story" is directly responsible for a triple marriage at Spokane, Wash., yesterday, in which three sisters, two of them twins, and twin brothers and their uncle were the contracting parties. The uncle married the youngest of the three sisters.

The couples are Sam Crockett, aged 25, and Ollie Engle, aged 23; Miles Crockett, aged 25, and Fannie Engle, aged 23; Alfred Olson, aged 37, and Elizabeth Engle. The bridegrooms all live at Tekos, and the brides have lived in Farmington, a nearby town. The marriages took place at the Halliday Hotel, and the Rev. James Hanover, a Baptist minister, of Tekos, performed the ceremonies.

The Crocketts are the sons of Captain John Crockett, a pioneer farmer, who came into the Palouse country thirty years ago. The three girls are daughters of Dr. Engle, who came to Farmington about five years ago and settled on a farm about four miles from the Crocketts.

"A week or so ago," said the Rev. Mr. Hanover, in discussing the ceremony, "I had occasion to preach a sermon on the power of love. It was a sermon parallel to one which I have frequently delivered to my congregation in North Carolina, and I think the marriage of the three couples, who were attending my church, is the culmination of my sermon."

WOMAN STARVED TO DEATH.

Mrs. Louisa Jane Thompson, aged 38, wife of Rev. Adam Thompson, leader of a new cult at Zion City, near Chicago, died under circumstances which have prompted the authorities to begin an investigation. Mrs. Thompson died last week and was buried Friday. Those who saw the body say it was frightfully emaciated, and the police were informed by neighbors that Mrs. Thompson was starved to death in an attempt to "expel devils."

After her death the watchers declared her "faith was not strong enough." They buried the body quietly. The case is similar to that of Mrs. Leta Greenheart, an aged woman, who was tortured for days by "devil chasers," who braked nearly every bone in her body by trying to "beat the evil spirits that possessed her." The old woman died in agony. Her son and daughter were arrested. They refused to testify against their mother's torturers and the case was dismissed for lack of evidence. For a time the "devil chasers" left Zion City. The present cult is known as "Devil Fasteners." The members believe in starvation as a means of curing disease.

WANTS LARGE STANDING ARMY.

Assistant Secretary of War Robert Shaw Oliver made public yesterday President Roosevelt's plan for a standing army of 250,000 men, divided into eight great army corps, which is to be ready in two years or less for any emergency. Secretary Oliver intimated that the scheme had been worked out so thoroughly that the personnel of the War Department, no matter what changes may come about, will not affect the success of an undertaking which has engaged the president's keen interest for several years. Recent legislation affecting state militia has been directed toward the purpose which the president desires to accomplish.

The standing army of 250,000 will be made up, according to Secretary Oliver, of the regular establishment and of the United States volunteers from every state, the latter to be trained so thoroughly in eight great instruction camps that their efficiency will be hardly less than that of the regulars. To bring this about it is proposed to school 40,000 or 50,000 volunteer troops at a time annually in each of the big camps of instruction.

KILLED HER ASSAILANT.

In an attempt to defend herself from W. M. Samples, who she claimed, was rushing at her with a sharp knife, Mrs. Roxie Sanders, of Charleston, W. Va., Sunday night shot and instantly killed her assailant, the charge of shot from a double-barreled shotgun penetrating his breast and heart. Mrs. Sanders' husband left home Saturday morning after some trouble with his wife, and it is presumed that Samples, knowing that the woman was in the house alone, thought it was a good time to attack her. According to the story of the woman, Samples had been drinking when he came to the house. He talked with her a short time, then grabbed her. She backed to the corner and drew a knife. The gun was in the corner, and, jerking loose from her assailant, she picked it up and fired directly at Samples, who fell dead at her feet.

CHARGE UNREASONABLE RATES.

Declaring that the St. Louis Southwestern Railway Company has arbitrarily and unjustly increased its rates on the transportation of fertilizer from Shreveport, La., to points in Arkansas, and discriminated in favor of factories at Little Rock, the Virginia-Carolina Chemical Company, on Saturday filed complaint with the interstate commerce commission. The complaint alleges that in 1895 when the company started its factory at Shreveport the railroad wrote them, declaring that if they instituted complaint against the rates then in force, a "re-adjustment of the tariff" to the railroad's own satisfaction would be instituted. The petitioners aver that this "re-adjustment" has been made, and declare that the higher rates are unreasonable. The new rates, at which complaint is made, became effective in January, 1908.

THE QUEEN A MOTHER.

A dispatch from La Granja says Queen Victoria of Spain became the mother of a son a few minutes after 1 o'clock yesterday morning. There is great rejoicing throughout the nation on the arrival of this second heir of King Alfonso, and the populace is immensely pleased at the glad event. Queen Victoria of Spain was the Princess Ena of Battenberg, and her first son, who will in time succeed to the throne of Spain, was born May 10, 1907. By title this son is the Prince of the Asturias, and only recently was taken into the First Regiment of the Guards and then vested with his first uniform.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by W. F. Creighton & Co. and Richard Gibson.

Application Refused.

[Special Dispatch to the Alexandria Gazette.] Richmond, Va., June 23.—The Corporation Commission today decided to grant the application of the R. F. & R. R. to be allowed to impose penalty on passengers who board trains without tickets. The effect of the decision is to permit passengers between Richmond and Washington to enjoy the two cent Virginia rate while paying a slightly increased fare between Alexandria and Washington.

Frightful Slaughter in Persia.

Teheran, June 23.—A crisis was reached in the internal troubles of Persia today when a company of Cossacks surrounded the house of parliament and demanded that a number of political prisoners who had been arrested on the order of the shah be surrendered. The request was met by shots from the parliament building, several Cossacks being killed.

Reinforcements immediately joined the attacking party and heavy artillery was drawn up in front of the building. Firing has been going on for some time, though it is impossible at this hour to give the details of the engagement. The parliament buildings are entirely surrounded by troops.

It is feared that today's outbreak will result in the overthrow of the shah, who is still in the summer palace at Baghshah, under a heavy guard of his soldiers. The assembly has cut away from the shah, owing to the recognized incompetency of the recently formed cabinet, which stands in awful fear of the ruler and has refused to do anything to help check the spreading disorder.

The assembly has announced to the people that it can now take whatever course it chooses. The recent activity of the Cossacks is taken to mean that Russia has at last decided to act with an iron hand and save the Persian empire from disruption. The firing on the Cossacks will no doubt stimulate the Russian government to adopt the most stringent repressive measures.

Teheran, Persia, June 23.—Eight hundred persons, men, women and children, publicans and soldiers, were killed here today in the bloodiest massacre of the century. Tonight the city is a shambles. Riotous surge through the streets and a bloody reign of terror is sweeping the entire country. The carnage resulting from direct orders of the shah strided in the streets of the city today when the imperial artillery, opening fire on the mob which surrounded the capital, mowed down hundreds in a leaden hail.

Maddened by the sight of blood the troops and citizens mingled in an indescribable free-for-all butchery. Women and children were not spared. The bodies of the dead in many cases were mutilated beyond recognition. Limbs were chopped off, eyes gouged out and noses and tongues slashed from the dead bodies. Dead bodies of women were not spared, and indescribable outrages occurred on every hand. Eighteen reform leaders were dragged before the shah and without even the formality of a trial or court martial were condemned to death. Before the order could be executed in military style the mob seized the men and they were literally cut to pieces with sabres and daggers before they could be added up to be shot.

The maddened mob of bloodthirsty troops were headed by leaders of the reactionary party who encouraged the slaughter, and waving bloody garments of their slain victims urged the troops on to vengeance.

Following the butchery terror-stricken refugees who escaped the first swings of the maddened troops' sabres and lances, fled from the city and drunken cavalry men are now in pursuit of the refugees. The deserted district left a prey to plunder and the city is now given over to loot and lust.

Couriers and signal cords have served to spread the news like wildfire throughout Persia and the entire nation is said to be in a mad revolt.

The outbreak had been threatened for several days and was precipitated by an attack made on the house of parliament by a company of Cossack soldiers, presumably acting on orders from the Russian government which had been trying by peaceful means to check the widespread disorder of the empire.

Constantinople, June 23.—The Persian town of Urmia was ravaged by bands of wild Kurdish soldiers today, who attacked the Mosques, where many of the populace took refuge, and after firing the buildings threw many of those who resisted into the flames.

The Kurds sacked the town and carried away everything of value. Their depredations were extended into the surrounding territory, and the people fled to neighboring towns.

The Kurds were goaded to madness by the fact that they had not been paid for some months by the Turkish government. Knowing the present weakness of the Persian government, they decided to avenge themselves on the hapless Persian villagers.

Washington, June 23.—Dispatches were received at the State Department today from W. F. Doty, American Consul at Tabriz, Persia, asking permission to proceed Urmia to confer with the authorities there with securing protection for American missionaries whose safety is menaced by the band of roving Kurds. He was directed to confer with the American legation in Persia.

The shah's only support now is his weak-kneed cabinet and his soldiery. The assembly has cut loose from him and advised the people to take any steps to be avenged on the shah. It is certain that the outbreak of today will call for summary action by Russia. It is reported that the Russian troops, which were stationed along the frontier, are now hastening to the Persian capital.

The ultimatum over throw of the shah is believed to be the only possible result of today's butchery. It is certain that the powers will not permit him to continue the slaughter of his people and he will never be able to placate them after this outrage.

Death of W. B. Leeds.

New York, June 23.—Cables from Paris received in Wall street today tell of the death of W. B. Leeds, formerly president of the Chicago, Rock Island and Pacific Railway. No details of Mr. Leeds' death have been received. He has been in failing health for some time. Mr. Leeds died at the Hotel Pitz Pitz. His second wife, Mrs. Nonnie Worthington Leeds, was at his bedside. His union with the present Mrs. Leeds cost the banker \$1,000,000. He had paid that sum to his first wife as alimony after a sensational divorce suit. While it is declared possible to state exactly what the fortune of the dead financier was, conservative estimates place it at \$40,000,000.

President to Visit New London.

Oyster Bay, June 23.—President Roosevelt is going to help root the sons of John Harvard out of victory in the annual races to be rowed over the Thames Thursday.

President Roosevelt and the members of his entire family will leave tomorrow afternoon for New London on the yacht Mayflower. It will be a strictly family party and the president will seek to avoid any formal recognition of his presence at the race.

Born in Iowa.

Our family were all born and raised in Iowa, and have used Chamberlain's Colic, Cholera and Diarrhoea Remedy (made at Des Moines) for years. We know how good it is from long experience in the use of it. In fact, when in El Paso, Texas, the writer's life was saved by the prompt use of this remedy. We are now engaged in the mercantile business at Narcoossee, Fla., and have introduced the remedy here. It has proven very successful and is constantly growing in favor.—E. W. BROS. This remedy is for sale by W. F. Creighton & Co. and Richard Gibson.

New York Stock Market.

New York, June 23.—The market averaged firmer all through the first hour. The industrial generally showed fractional losses. In the last half of the forenoon the market quieted and there were few price movements worth noting.

The Ward-Reid Wedding.

London, June 23.—The marriage of Miss Jean Reid, daughter of Whitehall Reid, American Ambassador to Great Britain, to the Hon. John Hubert Ward, took place at the Church Chapel Royal, St. James Palace, this afternoon. Not since the Prince of Wales was married has a wedding ceremony taken place in circumstances of such pomp and majesty.

After the wedding a reception was held at Dorchester House to which all fashionable London and many Americans who could not be accommodated at the chapel were invited. Shortly after Mr. and Mrs. Ward started on their honeymoon. They will be away until the end of September and on their return will make their home in Lord Dudley's house in Carlton Gardens. This is one of the finest houses in London and the Wards will occupy it during Lord Dudley's stay in Australia.

Prince and Princess of Wales, Princess Victoria, Duke and Duchess of Connaught, Princess Patricia of Connaught, Duke of Fife, Prince and Princess of Teck, Grand Duke Michael of Russia and Princesses of Russia were present.

The queen gave the bride a diamond bracelet and the king and queen presented a silver cruet to the bridegroom. Mr. and Mrs. Reid gave the bridegroom a dozen silver plates and a magnificent automobile.

Race War in Texas.

Houston, Texas, June 23.—With all Hemphill practically divided into two armed camps of negroes and whites, each bent on exterminating the opposing faction, the race war started in Sabin county following the lynching of nine negroes, promises to become the worst in years. St. Louis Rangers are en route to the scene, but it is doubtful if they can arrive in time to prevent open fighting.

Whites men are determined to drive out all negroes. The blacks are just as determined in seeking revenge for the lynching of nine of their fellows. Beaumont may become the scene of another lynching as a result of the outbreak. P. Price, negro, formerly employed by Johnson, who confessed to killing the latter, and Bob Wright, a relative of Johnson, who has been implicated by Price, are under guard in the jail there. Threats of raising a mob to go to Beaumont and hang both, are openly made.

Second Son to Queen Victoria.

Madrid, June 23.—The birth of a second son to Queen Victoria of Spain at an early hour this morning is being celebrated throughout the entire nation. The birth occurred at La Granja palace. The queen's account of the birth occurred several days earlier than expected. The queen mother is reported as doing nicely.

The dowager queen and other members of the royal household were present. As is the custom on the birth of royal children, King Alfonso commuted a death sentence, the execution being set for an hour immediately following the birth.

The king personally presented the royal infant to the state functionaries with many comments of satisfaction and pride. The formal registration of the birth took place in the room today before a notable company of military and civil authorities. Bishop Saguis, the premier, minister of marine and high court officials witnessed the ceremony.

Suffering from Gall Stones.

Utica, N. Y., June 23.—Congressman Sherman, republican vice presidential nominee, was taken to a hospital in Cleveland, Ohio, in a critical condition this morning. A surgeon was summoned and Mr. Sherman's family was rushing hurriedly to the scene in an attempt to quell the uprising. Three battles are reported at Lake Singkorah, with heavy loss on both sides.

The situation is so serious that the Dutch government is preparing to remove the women and children from the affected Province.

Headquarters to be Transferred.

Chicago, June 23.—Gov. John A. Johnson's anti-convention headquarters in the Grand Pacific Hotel here were closed today. The managers who have been conducting the Minnesota's campaign will transfer their activities to Denver. They refuse to concede the democratic nomination to W. J. Bryan.

Frederick Lynch, Johnson's manager, is authority for the statement that Johnson's name will not be presented to the Denver convention as a vice presidential candidate.

Two deaths and a score of prostrations marked today's continuance of the torrid heat which for many hours has made New York swelter and through all the crowded East Side the suffering is intense.

Secretary Wm. H. Taft was the principal speaker at the closing of the Lydian memorial hospital at Yale, New Haven, this afternoon.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent dresses have become thin and faded. Many men incline to groan because the flies bite through the thin starch on their trousers. It will be good news to the miserable of both sexes to learn that Newbro's Herpicide has been placed upon the market. This is the new scientific germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair-dandruff. Herpicide is a new preparation, made after a new formula, to entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced.
